CONTENTS

Foreword by Robert Q. Berry III	xi
Acknowledgments	xv
About the Authors	xxi
Introduction	1
Who This Book Is For	1
Who This Book Is From	2
A Note About Language	3
How This Book Is Organized	4
The Foundations of This Work	5
1. Your Guidebook to Detracking Math Courses	7
What You Can Expect in This Chapter	11
Questions to Consider While Reading This Chapter	12
What Do Tracking and Detracking Mean?	12
The Pervasiveness of Tracking in U.S. and Canadian Schools	14
The Impact of Tracking and Detracking on Student Outcomes	15
The Appetite for and Critiques of Detracking	17
The Complexity of Detracking Math Classes	18
Using This Book to Support Your Detracking Journey	23
PART 1: DEVELOPING A POLICY FOR DETRACKED MATH COURSES	27
2. Getting to Know Your Policy Context	29
What You Can Expect in This Chapter	31
Questions to Consider While Reading This Chapter	31
Different Variables Within Your Policy Context	32
Anticipating Variables That Could Influence Your Math Course	
Detracking Policy	35

3. Designing a Detracked Math Course Policy	47
What You Can Expect in This Chapter	49
Questions to Consider While Reading This Chapter	49
Designing a Detracked Math Course Policy	49
The Anatomy of a New Math Policy on Detracking	63
4. Gaining Support for a Detracked Math Course Policy	65
What You Can Expect in This Chapter	67
Questions to Consider While Reading This Chapter	67
Building a Coalition of Change Agents Among Educators	68
Building a Coalition of Change Agents in Your School System Leaders	71
Building a Coalition of Change Agents Among Your Community Leaders	73
Building a Coalition of Change Agents in Your Policy Makers	78
PART 2: IMPLEMENTING A POLICY OF DETRACKED MATH COURSES	83
5. Math Curriculum to Support Heterogeneous Classrooms	85
What You Can Expect in This Chapter	87
Questions to Consider While Reading This Chapter	87
The Important Role of Curriculum	88
Connecting Curriculum to Your Beliefs About Teaching and Learning Mathematics	89
Connecting Curriculum to Teachers in Detracked Math Courses	92
6. Professional Development to Support Heterogeneous Classrooms	101
What to Expect in This Chapter	104
Questions to Consider While Reading This Chapter	104
Big Ideas of Designing Professional Development	105
7. Coaching Teachers to Support Heterogeneous Classrooms	125
What to Expect in This Chapter	127
Questions to Consider While Reading This Chapter	128
Big Ideas of Designing Coaching Support	128

PART 3: MAINTAINING DETRACKED MATH COURSE PRACTICES	147
8. Crafting School Schedules That Support Heterogeneous Classrooms	149
What You Can Expect in This Chapter	152
Questions to Consider While Reading This Chapter	152
The Ideas, Impact, and Innovations for Detracking Courses When Designing Schedules	152
9. Considering Research Throughout Your Math Detracking Journey	169
What You Can Expect in This Chapter	171
Questions to Consider While Reading This Chapter	171
The Role of Research, Data, and Evidence in Decisions	171
The Realities of Using Research in Policy and Practice Decisions	174
Using Research to Design New Policies and Practices	175
Using Research to Provide a Rationale for a New Policy	176
Partnering With Researchers to Evaluate a New or Existing Policy	178
10. Monitoring and Maintaining a Detracked Math Policy	183
What You Can Expect in This Chapter	186
Questions to Consider While Reading This Chapter	186
Monitoring the Policy During the Early Stages of Implementation	186
Adjusting Your Implementation When Necessary	189
Familiarizing and Building Capacity of New Members to Your Community	196
Using Larger Movements to Support Your Local Work	200
Closing Thoughts	203
References	205
Index	213
