

Figure 2.3 Innovation Day Plan Sheet

Topic: _____

To which subject(s) does it align? _____

Brief description of the project: _____

Materials needed:

I'll provide from home	School resources

What will you be learning about?

How will you learn about your topic? What resources will you use?

Why does this topic interest you?

Product: What will be your final product? What will you create?

Explain the step by step process you will take to learn about your topic and then create your final product.

What are other questions you still have or other areas of interest you might pursue? (If you finish your project early, what could you use your time doing?)

Reflection: What did you learn through your project that you didn't already know?
